

2025 Fees & Levies

Family Contribution

Here at St Augustine's College, we are committed to facilitating high quality learning experiences in a stimulating and safe environment for all students. We understand the financial demands placed on families and seek to keep the fees as low as possible. Like other Catholic education providers, we work in partnership with families and rely on their financial contributions to bring the vision and mission of the College to life.

We understand that sometimes financial hardship may arise and thus impact on a family's ability to make their contribution. If a family is in this situation, they are encouraged to promptly contact the Business Manager at the College to work toward a resolution and discuss the availability of further assistance.

For 2025 St Augustine's College has restructured its fees to be aligned with other CESL P-12 College's, we believe this to be a more simplified and better representation of our cost base. The family fee has been abolished, with just the application of a student levy.

MacBook or iPad repairs will not be covered by the school. Any breakages, damage or loss of the devices or accessories provided to students will incur a separate charge when required and will vary in cost dependent on the damage or loss.
